

Raising Attainment Through Adaptive Teaching

3-Day Programme

Designed for Primary, Secondary and Special school teachers and leaders.

Participants will be supported to:

- Understand the evidence related to adaptive teaching from a range of sources including the EEF eg. EEF: Moving from differentiation to adaptive teaching (Oct 2022).
- Understand the importance of diagnostic assessment in informing adaptive teaching.
- Develop a range of adaptive teaching strategies for pupils in different phases and across a range of subjects.
- Apply learning from the programme through a series of gaps tasks designed to enable participants to practise specific strategies.
- Reflect on their current practice and identify the next steps within their own context.
